

SPRIT MOUNTAIN
COMMUNITY FUND

The Confederated Tribes
of Grand Ronde

2013 Annual Report

SPIRIT MOUNTAIN
COMMUNITY FUND

The Confederated Tribes
of Grand Ronde

The Confederated Tribes of Grand Ronde fulfill their native tradition of potlatch, a ceremony at which good fortune is distributed, through the Spirit Mountain Community Fund.

The Spirit Mountain Community Fund's focus is to improve the quality of life in Northwest Oregon through community investments that provide lasting benefits consistent with the Tribe's culture and values.

To ensure that SMCF's resources continue to help Oregon's most vulnerable populations, in 2013 our Trustees identified specific funding priorities in the following areas;

Health: *Healthy Mothers Healthy Children, Oral Health, Overcoming Obesity*

Education: *Ready for School, Reading Success, Effective Education for All*

Environment: *River Health, and Environmental Justice*

While we are fully engaged with these funding priorities, we remain mindful of our commitment to promoting diversity, equity, and inclusion within the nonprofit, government and tribal communities we support. We are committed to partnering with those organizations that embrace these values and reflect them through their leadership.

In 2013 SMCF partnered with The Chalkboard Project on an unprecedented study of how Oregon's tribal member students are performing in the Oregon Education System. Seven tribal governments participated from across the state. The results identified huge challenges for tribal member students and a pressing need for education support services. While disheartening this study helps us understand the urgent necessity to provide help to these rurally isolated kids. We will join with the Oregon Tribes, the State of Oregon and other funders to increase our commitment to these forgotten students.

KATHLEEN GEORGE, DIRECTOR

2013 Funding by Program Area

Spirit Mountain Community Fund invests in projects that support healthy and sustainable communities; enriching lives for today's Oregonians and for the next seven generations.

We fund projects in the areas of art and culture, education, health, historic preservation, public safety, environmental preservation and problem gaming.
