

SPRIT MOUNTAIN  
COMMUNITY FUND

The Confederated Tribes  
of Grand Ronde

The Confederated Tribes of Grand Ronde fulfill their native tradition of potlatch, a ceremony at which good fortune is distributed, through the Spirit Mountain Community Fund.

The Spirit Mountain Community Fund's focus is to improve the quality of life in Northwest Oregon through community investments that provide lasting benefits consistent with the Tribe's culture and values.

*Spirit Mountain Community Fund supports work that addresses the health, education, and social needs of Oregonians with a special focus on empowering our most vulnerable populations. We promote equity, value diversity and believe that all Oregonians can live and work together better when we understand our shared and unique histories. We understand that the philanthropic community has not historically invested adequately in communities of color and so we believe that a critical part of our work is to promote more equitable philanthropic investment in traditionally underserved communities.*

*This work starts at home with our own grants. While always seeking to support the best in community work we remember the tremendous need to fund programs serving communities of color and measure our progress in doing so. In 2014, \$1,689,604, or 59% of our total funding, went to projects supporting communities of color, and includes \$770,000 to Oregon Tribal Governments.*

*Spirit Mountain Community Fund continues to seek greater commitment to equity and to serving those whose needs have traditionally been overlooked. We ask this both of ourselves and of our partners.*
